you will find a lot of impressive pictures of Second World Women's Conference of grassroots women which took place in Kathmandu Nepal from 13th until 18th of March 2016 under the motto "Women are climbing the highest mountains!". Two thousand women, and also some men, participated in the militant opening rally on March 13th. One thousand three hundred participants from 48 countries, including more than 200 Nepali and international volunteers, took part in the conference. There very many discussions, celebrations and network activities.

We will edit **a photo book** on Second WWC. It will probably be available by May 1, 2016 for the price of approx. 15 – 20 Swiss francs. The revenues remaining by selling the phote books are used for financing Nepal travelling costs for our Swiss deputies.
