

# Theoretical Seminar in India: Finances and Donations

Dear women, we know that the journey to India is an expensive thing for the basic women. As a **non-partisan, financially independent and democratic movement**, we have no donors. Our sponsors are like us, workers, friends and supporters of the militant women's movement. The African women have suggested that they bring handicrafts and sell them at the seminar. The proceeds will be used to refinance their trip. This is a great idea. Maybe you have other ideas how to finance your trip then write them to us, we will put them on the homepage.
