Dear donators for the earthquake relief to Nepal!

Dear World women in Europe!

Dear World coordinators!

We would like to inform you about how impressively the women in Nepal used the donations from grassroots to grassroots. After the devastating earthquake in Nepal, world women in Germany, the Netherlands and France collected many donations, and we were able to transfer 20,020.22 € on 21 May. We got further donations amounting to 1,276.63 € by July 15, that is a total of 21,296.85 €.

The women of the eight women's organizations that have joined together to form the United Women's Alliance in Nepal to prepare for the 2nd World Women's Conference of grassroots women 2016 in Nepal have expressed their thanks and report on the use of the money:

*Dear World Coordinators,
Asian Coordinators, Sisters and friends,*

Revolutionary Salute & many warm greetings from Nepal !

We are very pleased to share the information that we have confirmed to invest your fund at Maga Pauwa Secondary School at Maga Pauwa Village in Dolka District which is one of the good and main school for this area.

They are providing educational facility to this village children. This is a Government school, not a private one. In such case when we rebuild this school, it will continue to provide an educating environment to the village children at their level best so we highly appreciate for your all contribution & support.

We had a joint meeting with this school management last July 09, 2015. Mr. Jit K. Muktan, president of school management has represented from school in that meeting. Then, we (the representative school, Mr. Jit K. Muktan & United Women's Association) went to Nepatop uPVC company and booked the Panel & structure Trust of metal to the Nepatop company.

We have designed to make a non earthquake building with 6 rooms, space coverage will be 15/20 feet each. The school construction is expected to complete in August 17, 2015. Also we have decided to put a name of "World women conference Committee & United Women's Association" in written in stone slate as recognition at school after the completion of this school construction.

Further, we are planning to visit the school together during our World Women's coordinators meeting & Asian conference in September 2015 which is going to held in Nepal so that you can have a general idea of location and school. Also you can have an opportunity to share the situation after the reconstruction of school.

Hope that everything is clear and in order. However, if you have any further queries and suggestion, please do not hesitate to let us know.

Thanking you and looking forward to hearing from you soon.

*Best regards,
Sarita Maharjan & Durga Paudel
For United Women's Association*

P.S. : Enclosed herewith some sample pictures how it will be made, please find it.
