

★ **Young women and girls!**
Prepare a big joint workshop concerning the demands of young women and girls! Join in the international song-contest.

★ The second pillar is the **mass program** for all: workshops, readings, sports, events, music, dance, cultural activities, stands etc.

★ The **preparation** of the World Women's Conference is organized in the respective countries and coordinated worldwide by elected coordinators of the continents/regions.

★ The conference **finances itself independently** – instead of making itself reliant on governments, parties or NGOs! In all countries the costs are covered by collecting donations and by manifold financial activities – autonomously and in mutual international support and solidarity.

★ **Worldwomen!**
Come and join the **2nd World Women's Conference of grassroots women!**

Make it an important signal against the roots of our oppression, against the imperialist system that forces upon us double exploitation and oppression of the masses of women, the suppression of the women of the world solely on grounds of sex.

Let us unite, let us organize and, together with all liberation movements, let us take a big step forward towards the liberation of woman!
