Dear Joly,
dear Members of the GWTUC

We worldwomen express our strong protest against the abduction of Lucky Akhtar!
It is an act of extreme oppression of the textile workers' right to organize in unions and to fight for their jobs, better working conditions and higher wages. We will make this outrageous deed known to the women and their families in Germany.
Our indignation and the protest are directed against the owner's of VUE Fashion LTD factory, dismissing workers and wanting to fob them off with low wages.
The abduction is an attack on all the 2 million supporters of the GWTUC.
They must not succeed!
Freedom for Lucky Akthar and the right to trade union activities.

Solidarity greetings.
